Ukana Loadbanks

Compact resistive loadbank

DESCRIPTION

Model:	UCR200/400	UCR500/700	UCR800/1000
Voltage:	230-400v		
Frequency:	50&60Hz		
Phases:	3		
Loadsteps:	1kW or on request		
Voltage tolerance:	+/- 5%		
Elements:	AISI329		
Control & Auxiliary supply voltage:	400v/50hz		
Auxiliary rating:	16a		
Auxiliary connection type:	CEE 5 pole male 16a		
Control & Measurement:	Panel Mounted 5,2"Touchscreen, Digital Touchscreen remote control with 50m reel, analog control with power mounted power analyzer, Modbus		
Dimensions:	1625 x 1005 x 736,5mm	1625 x 1005 x 1230mm	1625 x 1005 x 1805mm
Enclosure:	Compact design incl. hoisting eyelets		
Weight approx:	400kg	600kg	800kg
Options:	Galvanized heavy duty forklift pocket frame, Heavy duty hoisting frame; DC loadbanks, Container options, Parallel option till max 4 units		

DESCRIPTION

Load connections:	Copper Bar M12		
Protections:	High temperature shutdown, Fan OK indication, Fan Fault		
Cooling method:	Forced air cooling		
Air flow:	11500m3/h	23000m3/h	45500m3/h
Noise level:	85dB @ 7 meter		
Min/Max ambient Temperature:	-20 / +50 degrees Celcius		
Maximal humiidity:	95%RH		
Altitude rating:	<2500m a.s.l.		
Minimum inlet clearance:	2 meter		
Maximum outlet clearance:	4 meter

Compact resistive loadbank

Years of expertise combined with cutting-edge innovation. Discover UKANA Load Banks.
We take our commitment to delivering top-tier Load banks very seriously.

Ukana Load banks are not just your typical testing equipment for generator sets, UPS systems, and batteries. Our range of mobile units and containerized load banks redefines industry standards. Available in resistive and resistive-reactive types, our load banks span a wide range of sizes from 100kW to 6000kW, offering a unique solution for every need.

Our proactive approach results in a ready stock of standard-range load banks, enabling rapid responses to customer needs. Our in-house engineering team stands ready to fulfill every requirement for bespoke solutions, whether it's

- ISO-certified sea-worthy containers,
- trailer solutions tailored for testing companies,
- high-voltage PV (Solar power) solutions,
- net balancing innovations,
- specialized projects where all our expertise are combined with on-site support
- or cutting-edge E-Boiler solutions.

Experience the future of Loadbank technology with Ukana, where quality meets innovation to exceed expectations.
